THE GRANARY

The Granary is believed to date from the 18th Century and was part of the Kingsbury Mill complex occupying a superb position with views across the nearby River Tame and Kingsbury Water Park beyond.

The building has been superbly converted to the current use as administrative office space but has a wealth of original features and timberwork particularly internally.

In our opinion and subject to any consents that may be required the building would readily convert to a superb single dwelling or residential apartments.

The property occupies a substantial site as shown outlined and hatched red on the accompanying plan and in addition to the soft landscaped/garden area there is a tarmacadam and paved area providing ten private vehicle parking spaces. Please note that the tarmacadam surfaced pedestrian area is subject to a pedestrian right of way in favour of the occupiers of the apartments development to the rear of the property.

This is an excellent location on the edge of Kingsbury village and is within five minutes drive of both junctions 9 and 10 of the M42 motorway making it an ideal location for commuting to the city of Birmingham.

The market towns of Tamworth, Atherstone and Coleshill are all within ten minutes drive approximately.

Internally the premises are currently fitted as office accommodation and have gas fired central heating, part carpeted and part tiled floors throughout and double glazed window inserts.

The office space is on three levels providing the following net internal areas per floor:-

Ground Floor – 685 sq.ft. (63.6 sq.m.)

First Floor – 675 sq.ft. (62.7 sq.m.)

Second Floor – 708 sq.ft. (65.8 sq.m.)

Also on the ground floor there is a fitted kitchen facility and separate ladies and gents w.c./wash facilities.
